# Air/Aérien

**Aircraft full-scale test program for the 1999-2000 winter: evaluation of the positioning of surface-mounted ice detection sensors on the Bombardier CL-65 aircraft**, APS Aviation Inc., December 2000. TP 13660E

**Benefit-cost analysis of procedures for accounting for runway friction on landing**, Sypher/Mueller International Inc., March 2003. TP 14082E

**Boarding small regional aircraft**, HLB Decision Economics Inc. and Rutenberg Design, April 2003. TP 14077E

**Comparison of the IRV and the ERD on winter contaminated surfaces**, CDRM Inc., September 2001. TP 14065E

**Demonstration and evaluation of visual display technologies for travellers with hearing and cognitive disabilities**, Rhodes & Associates Inc., March 2003. TP 14056E

**Effect of vehicle parameters on the friction coefficients measured by decelerometers on winter surfaces**, BMT Fleet Technology Limited, October 2002. TP 13980E

**Evaluation of IRFI calibration procedures for new and existing devices**, CDRM Inc. and MFT Mobility Friction Technology, September 2001. TP 14063E

**Flight data monitoring – A proactive approach to safety/Suivi des données de vol – approche proactive à la sécurité**, R&D Update/Actualités R&D, Volume 13, No.1, Transportation Development Centre/Centre de développement des transports, March/Mars 2003. TP 10913

**Friction factor measurements on non-uniform surfaces: sampling frequencies required**, BMT Fleet Technology Limited, December 1999. TP 13784E

**Hot water deicing of aircraft: Phase 2**, APS Aviation, November 2000. TP 13663E

**International Runway Friction Index (IRFI): Development technique and methodology**, CDRM Inc., September 2001. TP 14061E

**Joint winter runway friction measurement program (JWRFP): 2000 testing and data analysis**, CDRM Inc. and MFT Mobility Friction Technology, October 2001. TP 14062E

**Locating aircraft in case of emergency – New 406 MHz emergency locator transmitters (ELTs)/Localisation d'avion en cas d'urgence – Nouvelles radiobalises de détresse 406 MHz**, R&D Update/Actualités R&D, Volume 13, No. 4, Transportation Development Centre/Centre de développement des transports, November/Novembre 2003. TP 10913

**Measuring tires for harmonized friction measurements of runway surfaces and prediction of aircraft wheel braking**, CDRM Inc., February 1998. TP 14005E

**Modification of test wing to accommodate fuel load effects for deicing research: 2001**, APS Aviation Inc., October 2001. TP 13829E

**Numerical prediction of aerodynamic performance of a complete aircraft with contaminated wings and flaps**, National Research Council Canada, June 1998. TP 14021E

**Repeatability and reproducibility of Saab friction measurement devices in self-wet mode**, Transportation Infrastructure Consulting and Services Ltd., April 2003. TP 14083E

**Repeatability of friction measurement devices in self-wetting mode**, CDRM Inc. and MFT Mobility Friction Technology, September 2001. TP 14064E

**Runway surface and environmental conditions during friction tests at K.I. Sawyer Airbase, Michigan, USA – February 1999**, National Research Council Canada, September 2000. TP 13672E

**Safety issues and concerns of forced air deicing systems**, APS Aviation Inc., November 2000. TP 13664E

**Snow weather data evaluation (1995-2000)**, APS Aviation Inc., November 2000. TP 13665E

**Wet runway friction: literature and information review**, BMT Fleet Technology Limited, August 2001. TP 14002E

# Marine/Maritime

**AEI/OCR system verification**, DTI Telecommunications,  
July 2003. TP 14143E

**Design of an optical ranging system for full-scale  
measurement of icebreaker propeller blade deflection**,  
Institut national d'optique, February 2003. TP 13593E

**Elastic and post-yield stability of framing**, Martec  
Limited, March 2002. TP 13907E

**Escape, evacuation, and rescue research project:  
Phase II**, Bercha Engineering Limited, April 2003.  
TP 14091E

**Fatigue management training for Canadian marine  
pilots**, Rhodes & Associates Inc., July 2003. TP 14127E

**Feasibility study for the structural testing of a large  
ice-strengthened propeller**, National Research Council  
Canada, November 2002. TP 14011E

**Ice navigation simulation – Main Simulator Platform  
(MSP)**, PhiloSoft Inc., May 1999. TP 13436E

**Ice navigation simulation – Phase II**, PhiloSoft Inc.,  
October 2000. TP 13676E

**Ice navigation simulation – Phase III**, PhiloSoft Inc.,  
May 2001. TP 13790E

**Ice navigation simulation – Shipboard Radar  
Simulation Module (SRSM)**, PhiloSoft Inc., May 1999.  
TP 13437E

**Louis S. St. Laurent propeller damage analyses**,  
BMT Fleet Technology Limited, April 2003. TP 14090E

**Marine vessel exhaust emissions – Phase II (1998-99)**,  
Emissions Research and Measurement Division of  
Environment Canada, May 1999. TP 13445E

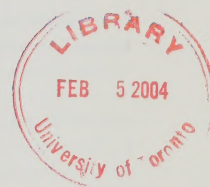

**Marine vessel exhaust emissions program: A study of  
the effects of multiple emissions reduction technologies  
on the exhaust emissions of marine diesel engines**,  
Emissions Research and Measurement Division of  
Environment Canada, April 2003. TP 14099E

**Port of Montreal extranet design: Summary  
report/Conception d'un réseau Extranet pour le port  
de Montréal : Rapport sommaire**, BCE Emergis,  
December/Décembre 2000. TP 13731

**Ship evacuation simulator**, BMT Fleet Technology  
Limited, June 2002. TP 13952E

**Shuttle tanker radar detection trials and RSi4000-  
RT-8/12 development**, Sigma Engineering Limited,  
March 2003. TP 14072E

**Small vessel fixed fire extinguishing systems**,  
MIL Systems, December 2002. TP 14032E

# Surface

**A human factors analysis of highway-railway grade crossing accidents in Canada**, Cognitive Ergonomics Research Laboratory of University of Calgary, September 2002. TP 13938E

**AEI/OCR system verification**, DTI Telecommunications, July 2003. TP 14143E

**Analysis of the human factors contributing to grade crossing accidents: Project summary/Analyse des facteurs humains contribuant aux accidents aux passages à niveau : Sommaire de projet**, Transportation Development Centre/Centre de développement des transports, April/Avril 2003. TP 14003

**ATSR – Étude d'assurance de la qualité – Rapport sommaire**, James King, Mars 2003. TP 14033F

**Biodiesel as a locomotive fuel in Canada**, Robert Dunn Enr., May 2003. TP 14106E

**Burner tests on defective thermal protection systems**, Department of Mechanical Engineering of Queen's University, March 2003. TP 14066E

**Comparaison de deux dispositifs de pré-signalisation d'arrêt pour autobus scolaires utilisés au Canada : feux jaunes et feux rouges**, Jean-François Bruneau, Septembre 2002. TP 13903F

**Contributing factors to accidents by older drivers: R&D plan and empirical studies**, Cognitive Ergonomics Research Laboratory of University of Calgary, October 2002. TP 13939E

**Development of a standard for light emitting diode (LED) signal lights designed to improve warning signals at grade crossings – Project summary/Élaboration d'une norme pour les feux de signalisation à diodes électroluminescentes (DEL) destinés à améliorer la signalisation aux passages à niveau – Sommaire de projet**, Transportation Development Centre/Centre de développement des transports, July/Juillet 2003. TP 14030

**Development of a trailer-mounted lightweight container module for compressed gas vehicle fuel**, Powertech Labs Inc., December 2002. TP 13955E

**Development of safety standards for compressed gas vehicle fuel systems**, Powertech Labs Inc., March 2003. TP 14013E

**Drop tests of selected steel drums**, InNOVAcorp, April 2003. TP 14093E

**Essais en service des technologies d'enregistreur de bord, de carte à puce et de signature numérique – Phase 1 : Étude préliminaire**, Tecsult Inc., Mars 2002. TP 13893F

**Évaluation de klaxons de locomotives : efficacité et vitesses d'exploitation**, TranSys Research Inc., Juin 2003. TP 14103F

**Field testing of on-board recorder, smart card and digital signature technologies – Phase 1: Preliminary study**, Tecsult Inc., March 2002. TP 13893E

**Helping truck drivers stay awake at the wheel/ Aider les camionneurs à rester éveillés au volant**, R&D Update/Actualités R&D, Volume 13, No. 2, Transportation Development Centre/Centre de développement des transports, June/Juin 2003. TP 10913

**How to implement incentive programs for safety and productivity – Guidelines for transport fleets**, Canada Safety Council, July 2001. TP 13805E

**Impact of curvature on track geometry safety standards**, National Research Council Canada, March 2003. TP 14071E

**La mise en oeuvre de programmes de mesures incitatives relatifs à la sécurité et à la productivité – Lignes directrices pour parcs de camions**, Conseil canadien de la sécurité, Juillet 2001. TP 13805F

**LED technology for improved conspicuity of signal lights at highway-railway grade crossings**, Carmanah Technologies Inc., February 2003. TP 14043E

**Locomotive horn evaluation: effectiveness at operating speeds**, TranSys Research Inc., June 2003. TP 14103E

**Low temperature impact effect on tank cars**, Southwest Research Institute and National Research Council Canada, July 2003. TP 14139E

**Performance testing of the Resco steered frame freight car truck at the AAR test track, and comparisons with standard and premium three-piece trucks**, Resco Engineering, March 2003. TP 14075E

**Proceedings of the Fourth Workshop on Highway-Railway Grade Crossing Research/Compte rendu du quatrième atelier sur la recherche sur les passages à niveau**, Transportation Development Centre/Centre de développement des transports, November/Novembre 2003. TP 13536 (CD-ROM)

**PRV field trials – the effects of fire conditions and PRV blowdown on propane tank survivability in a fire**, Department of Mechanical Engineering of Queen's University, January 2003. TP 14045E

**Railway rockfall electromagnetic field disturbance system development and test results**, Canadian Pacific Railway, October 2002. TP 13928E

**Simplified fuel additive test phase IV: Test protocol**, Engine Systems Development Centre, May 2003. TP 14110E

**STARS quality assurance study: Summary report**, James King, March 2003. TP 14033E

**Technology to meet EPA locomotive emissions standards without fuel penalties**, Peter Eggleton Enr., May 2003. TP 14124E

**Traffic monitoring application of cellular positioning technology: Proof of concept**, Cell-Loc Inc., June 2002. TP 13936E

**Understanding collisions can make roads safer/ Comprendre les collisions pour rehausser la sécurité routière**, R&D Update/Actualités R&D, Volume 13, No. 3, Transportation Development Centre/Centre de développement des transports, September/Septembre 2003. TP 10913

**Une analyse des facteurs humains dans les accidents aux passages à niveau au Canada**, Laboratoire de recherche en ergonomie cognitive de l'Université de Calgary, Septembre 2002. TP 13938F

**Update of the highway-railway grade crossing research program/Mise à jour du programme de recherche sur les passages à niveau**, Transportation Development Centre/Centre de développement des transports, June/Juin 2003. TP 14162

**Utilisation de la technologie DEL pour améliorer la perceptibilité des feux de signalisation aux passages à niveau**, Carmanah Technologies Inc., Février 2003. TP 14043F

**Workshop on slide and washout hazards: Managing natural risks on railways – Proceedings/Atelier sur les risques de glissement de terrain et de ravinement : Gestion des risques naturels sur les voies ferrées – Compte rendu**, Transportation Development Centre/Centre de développement des transports, May/Mai 2002. TP 14053 (CD-ROM)

# General Général

**Publications 2003**, Transportation Development Centre/Centre de développement des transports, 2003. TP 2602

**TDC annual review 2002-2003/CDT Revue annuelle 2002-2003**, Transportation Development Centre/Centre de développement des transports, 2003. TP 3230

Montréal (Québec) H3B 1X9

### Ordering Information

Print copies of our reports are produced in limited numbers and are only available while supplies last. Many reports are available in downloadable PDF format on our Web site at [www.tc.gc.ca/tdc/menu.htm](http://www.tc.gc.ca/tdc/menu.htm). To order print copies, send us the titles and TP numbers of the reports you require and we will let you know whether they are available and what shipping and handling charges apply. Charges range from CAN\$15 to \$25 per volume. Corporate documents, such as our *Annual Review*, are free. Please **do not send payment** until availability is confirmed.

TRANSPORTATION DEVELOPMENT CENTRE  
Publication Distribution Services  
800 René Lévesque Blvd. West, Suite 600  
Montreal, Quebec H3B 1X9

Telephone: (514) 283-0000  
Facsimile: (514) 283-7158  
E-mail: [tdccdt@tc.gc.ca](mailto:tdccdt@tc.gc.ca)

### On-Line Information

A publications list is available on TDC's Web site at [www.tc.gc.ca/tdc/menu.htm](http://www.tc.gc.ca/tdc/menu.htm). The list is updated monthly.

Minister of Transport  
Government of Canada  
© Public Works and Government Services Canada 2003

Catalogue No. T47-1/2003  
ISBN 0-662-67719-6  
ISSN 0840-9854

### Renseignements pour commander

Nos rapports, en version imprimée, ont un tirage limité et vous pouvez vous les procurer jusqu'à épuisement des stocks. Plusieurs rapports peuvent être téléchargés en format PDF, à partir de notre site Web, à [www.tc.gc.ca/cdt/menu.htm](http://www.tc.gc.ca/cdt/menu.htm). Pour commander des copies imprimées, faire parvenir les titres et numéros de TP des rapports désirés, et nous vous indiquerons si ces derniers sont toujours disponibles de même que les frais de port et manutention correspondants. Les frais varient de 15 \$CAN à 25 \$CAN par volume. Les documents généraux, comme la *Revue annuelle* sont gratuits. Veuillez **ne pas envoyer de paiement** avant d'avoir reçu la confirmation que le document demandé est disponible.
